SCHOOL SELECTION BOOKLET

Charter schools are committed to offering Rochester City students a free, quality public education. More than 6,000 students have already enrolled. We've made it easy to learn more and apply with one application.

SCHOOL CHOICE IS YOUR CHOICE!

This booklet is for families of children entering a new K-12 school in 2021-22. Students who are currently enrolled in a charter school and plan to continue at that school in 2021-22 do not need to reapply.

IT'S YOUR CHOICE!

Rochester families have public school options

Charter Schools Give Families a Choice

Charter schools offer families an opportunity to choose a K-12 school that best suits their child's needs from among Rochester's top performing schools. Rochester charters give city families education options—with 22 campus locations, charters offer quality academics, busing, athletics and after school programs to fit your schedule.

What is a Charter School?

Charter schools are public schools of choice, meaning that families choose them for their children. They operate with greater flexibility and more freedom to innovate, in return for greater accountability.

Charter schools are accountable for academic results and for upholding the promises made in their charters. They must demonstrate performance in the areas of academic achievement, financial management, and organizational stability.

Charters are free and serve all students, including those with special needs and English language learners.

More than 6,000 children attend Rochester charters and families have 22 area locations to choose from.

Students receive busing through their home district. In most cases, students who are eligible for district busing are transported by yellow bus. Some charter high schools use RTS services. Most charter schools provide busing even for students who live within 1.5 miles of the school location.

What Makes Charter Schools Different?

Each charter school has its own mission and approach. Some focus on hands-on learning or specialized job training. Others have unique learning formats and classroom styles to help students work at their own pace.

This model gives educators the freedom to create different classroom experiences and allows students and families more flexibility in choosing an education that is right for them.

Charter schools are free public schools, but are not district schools.

Charter schools have their own individual school dress code policies, many of which include uniforms. Many schools provide discounts for uniforms and some provide free shirts to new students.

Preparation for Career and College

Charter schools prepare students for the next stage of life. Whether that's college or a trade, students are provided with the tools and educational experiences that will help them after graduation.

Students who wished to pursue an education beyond high school are guided through the college application process. Most Rochester charter schools have a 90% or more college acceptance rate, but students make a variety of choices—including entering trades or the general workforce, military careers and other training.

How it Works

If you wish to consider a public K-12 charter school for your child, or your school does not offer the next grade level, you have a wide range of charter school options. This booklet includes details about the schools and application process.

Parents can apply to as many schools as they wish and may be accepted at multiple schools.

Students are offered a seat through the lottery process. Families are encouraged to apply by the April 1, 2021 lottery deadline when schools have the most openings.

Applications continue to be accepted after the lottery deadline.

Students applying after April 1, 2021, will be added to school waitlists and notified as a seat becomes available.

If your K-12 student currently attends a charter school and does not wish to change schools, you do not need to complete an application. Your child will automatically be enrolled in the next grade at that school.

Charter Application at a Glance

Charters welcome all students. You can apply from your phone, computer or tablet. Apply at [GoodSchoolsRoc.org](https://www.GoodSchoolsRoc.org) today!

1. Visit [GoodSchoolsRoc.org](https://www.GoodSchoolsRoc.org) to learn about your public charter school options. Contact schools if you would like to schedule a visit.
2. Create an account on [GoodSchoolsRoc.org](https://www.GoodSchoolsRoc.org) using your email or phone number.
3. Complete the application, including name, address and current grade enrolled.
4. Select as many schools as you want to apply to. There is no limit, and you are not committing to any school at this point in the process.
5. Submit your online application using a phone, tablet or computer.
6. Call our Helpline with any questions at **(585) 491-9777**.

Important Dates

April 1: Charter school lottery deadline

After April 1: Schools continue to accept applications. Students will be added to waitlists and offers will be on a rolling basis as seats open.

April 6: Schools begin notifying families of offer status.

April-August: Applications continue to be accepted through the spring and summer.

September-December: Many schools continue to accept students to transfer during the current school year.

The Lottery

If a charter school receives more applications than it has open seats available, the school conducts a lottery. Names are drawn at random through a computer program.

Charter schools do not evaluate students for admission. Students are not given an advantage or disadvantage because of their academic standing, GPA or extracurricular activity participation. There are no tests or fees. There is no preference for students who apply early. Charters accept students who need extra help in school, have IEPs and are English language learners.

Students can apply to as many schools as they wish. Submitting applications to multiple schools does not hinder a student's chance for enrollment.

After the lottery has been drawn, students will either be given an enrollment offer or be added to school waitlists. Students may receive offers from more than one school.

If a student receives an offer from more than one school, it is up to the family to choose which school to enroll in.

Services and Learning Support

Charter schools accept all students, including those who are English language learners, have IEPs and need extra learning support.

Charter Schools offer (visit [GoodSchoolsRoc.org](https://www.GoodSchoolsRoc.org) for specific school offerings)

Enrichment classes daily, plus after school programs and athletics.

What AHS Parents Say

“At AHS, my child likes learning and going to school again.”

“I have seen some improvements that I never thought I would see [in my child].”

Grades K-6 | rochesterdiscovery.com

Discovery prepares students to meet the challenges of a rapidly changing world through an interdisciplinary program that integrates literacy, language arts, mathematics, social studies, visual arts and science. Discovery is an Expeditionary Learning (EL) School where students engage in active and hands-on learning opportunities to create meaningful experiences and character growth. The school environment fosters inquiry, sets high expectations, integrates core disciplines and builds on students' existing understanding.

Location

133 Hoover Dr., Rochester, NY 14615 | 585-342-4032

Services

School Services

Discovery provides free breakfast, lunch and snack to all students.

We have a full-time Nurse on-site for medication administration and immediate first aid.

Uniforms: Yes

Instructional Models

DCS is Expeditionary Learning (EL) School. We believe that when students and teachers are engaged in work that is challenging, adventurous and meaningful... learning and achievement flourish. Our mission at Discovery Charter School is to build classrooms where teachers can fulfill their highest aspirations, and where students can achieve more than they think possible.

Approach to Learning

Our approach to curriculum makes standards come alive for students. At DCS, our project-based learning model uses expeditions, case studies, and fieldwork to inspire students to think beyond the classroom!

At Discovery Charter School, we foster a culture of respect. Our school motto of "We are CREW" resonates through our school traditions. At DCS, you will be invited to join a weekly Community Circle assembly, attend regular exhibitions of student work, and have opportunities for students to join creativity clubs. At Discovery, each student is nurtured as their individual interests are discovered.

DCS has a strong integrated arts program. Students in grades K-6 will have regular

Performing Arts and Visual Arts programming built into their schedules. We also offer daily Physical Education classes for all students enrolled.

Our school leaders build a cohesive school vision focused on student achievement and continuous improvement. We strive to develop our students with mindsets and skills for success in life beyond the classroom.

Student Support

Discovery employs a Social Worker, Dean of Students, Behavior Specialist, Mindfulness Coach, Social Emotional Learning Specialists, and Academic Intervention Teachers. The goal at DCS is to work with every student to overcome any barriers to learning. Direct services are provided by means such as

education, counseling, health consultation, and individual assessment. If a formal special education program is needed, our Student Services Coordinator will ensure that student IEP's/504 plans can be accommodated. We also have ENL teachers who can accommodate students needing both core content area support and English language development instruction.

Clubs and Activities

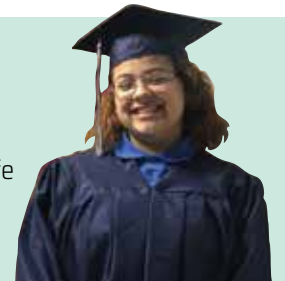

All family members of DCS students are invited to be a part of the school's Family Association (FA). The goal of the FA is to strengthen and build school community through volunteerism, the coordination of social and educational events, and fundraising.

Grades K-12 | emhcharter.org

A school for your child to **BELIEVE, ACHIEVE, SUCCEED**

The school's 20 years of success is attributed to the belief that if a child cannot learn the way we teach, then we will learn to teach the way the child can learn. The school is focused on its mission to create a safe and nurturing community of learners where students earn the Seal of Biliteracy (English and Spanish), learn to advocate for social justice, and are prepared to enjoy and access what the world has to offer.

Grades K-6 | gccschool.org

The Genesee Community Charter School (GCCS)—among the highest performing EL Education schools in the nation—is located on the campus of the Rochester Museum & Science Center.

Genesee Community Charter School enrolls approximately 220 students in kindergarten through sixth grade. GCCS provides a rich educational experience that values intellectual rigor, respect for diversity, and community responsibility.

The school uses local history, the arts, and our own cultural background to explore the Rochester community as our “home.”

Location

657 East Avenue, Rochester, NY 14607 | (585) 697-1960

Services

School Services

Breakfast and lunch are provided for families who pay or qualify for free and reduced priced meals. Meals are currently provided by Julia K Caters and are served in classrooms as there is no cafeteria.

Uniforms: GCCS does not have uniforms, but they do have a dress code.

School Hours: M, T, Th, F - 8:00 a.m. - 3:00 p.m.
W - 8:00 a.m. - 1:00 p.m.

Instructional Models

GCCS is an EL Education School with a focus on project-based learning and multi-disciplinary integration of English and Language Arts, Science, Social Studies, the Arts, and some Math into 12 week units of study called “Expeditions.” Genesee Community Charter School believes fostering character is equally important to academic instruction and empowers students to be leaders of their own learning while discovering their place in our diverse community.

Academic Offerings

- Strong integrated arts program (art, music, movement) connected to classroom content
- Project-based learning
- Focus on Rochester’s history and active citizenship
- Extensive fieldwork

RENAISSANCE ACADEMY CHARTER SCHOOL OF THE ARTS

Grades K-6 | renacad.org

Renaissance Academy Charter School of the Arts (RA) is a K-6 public elementary school located in Greece, NY. The mission of RA is to provide students an enriched and rigorous education through the humanities and arts integration leading to success in college, careers, and life. RA students develop academic and skills for life through investigation, creativity, inquiry, and reflection. The arts are used as a vehicle to make connections among various curricular areas, increase student engagement and ultimately lead to higher levels of student achievement.

Location

299 Kirk Rd, Rochester, NY 14612 | 585-225-4200

Services

School Services

All students at RA receive free breakfast, lunch and snacks each day. On-site mental health counseling by Catholic Family Services.

RA employs a Family Services Coordinator who works with families to ensure their needs are met.

Uniforms: Yes

Instructional Models

Renaissance Academy provides an educational program using research-proven, rigorous curricula in all subject areas. Within the instructional day are blocks of time specifically dedicated to whole group and small group instruction in co-taught classrooms as well as an additional 30 minute ACE (Academic Collaboration and Enrichment) block of time, dedicated to meeting the needs of all students. The arts are integrated into instruction to leverage learning in both the arts and core content areas as well as providing skills-based arts instruction. RA also has a strong emphasis on the social-emotional well-being and growth of students through the use of mindfulness, morning meetings, Second Step, and our Positivity Project (P2) curriculum.

Academic Offerings

RA provides high quality units of study. Thematic units are the basis of ELA Math, social studies, and science curriculum in grades K-2. ELA, science, math, and social studies are departmentalized in grades 3-6. All students experience music, visual arts, dance, and drama curriculum in skills based and/or arts integration classes. Students also study physical education and library curriculum.

Sports

RA has an after school enrichment program in which sports experiences are offered.

Clubs and Activities

RA offers a wide range of clubs and activities

during and after school. During the school day students may be pulled for enrichment in any of the art forms. Students in grades 4-6 can become members of the band or chorus. Students are able to sign up for our after school enrichment program that has vast offerings. Some of our most popular clubs are Cooking and Crafting Around the World, Ballet, Sports Club, Mad Scientists, and Girls on the Run.

Instructional Models

Rochester Prep classes reflect a traditional classroom setting, with teachers and co-teachers at the elementary and middle school levels.

Academic Offerings

Rochester Prep offers a wide range of Advanced Placement Courses, technology based courses, as well as other unique classes to challenge and expand your child's mind and skills. We are pleased to offer formal special education programs to students who may need additional support or are English Language Learners. Our goal is to ensure every child has the tools needed to succeed.

Sports

Rochester Prep is constantly expanding its athletic offerings. We have 9 Varsity sports including bowling and football that feature a partnership with Bishop Kearney. An

assortment of JV and modified sports as well. Plans for the 2021-2022 athletic department included expanding offerings to

- Modified Girls Volleyball
- Modified/JV Soccer
- JV Boys Basketball
- Modified/JV Football (Merger with BK)

Notable Achievements

- In 2019 our boys indoor 4x200m relay team won the Section V Class D Championship.
- In the Spring of 2019 Senior James Jones won Section V titles in the 100m and 200m for Outdoor Track.
- Our 2020 Girls Varsity Volleyball and Varsity Cheerleading teams were named a NYSPHAA Academic Award winners for

having 75% of the team having over a 90% average in the classroom.

Clubs and Activities

Being a full K-12 program, Rochester Prep has a lengthy list of clubs and offerings, check our website for more information!

Community Partnership Programs

Rochester Prep High School is proud to partner with the Rochester Institute of Technology! Professors teach classes, college students mentor our students, regular field trips to RIT campus, and Senior Capstone projects, are just some elements of this wonderful partnership.

2019 New York State Exam Results

How is Rochester Prep closing the achievement gap?

4X Uncommon Rochester students achieved proficiency at more than 4 times the rate of Rochester City School District in math.

3X Uncommon Rochester students achieved proficiency at more than 3 times the rate of Rochester City School District in ELA.

LEVEL 4

Uncommon Rochester students earned more Level 4 scores on the math and ELA exams than all of the Rochester City School District, with less than 10% of the enrollment.

UNIVERSITY PREP CHARTER SCHOOL

UPREP ROCHESTER

Grades 7-12 | upreprochester.org

At University Preparatory Charter School, we are changing the narrative for young men in the City of Rochester.

UPrep is an all boys public charter school where young men come every day prepared to learn and participate in their educational experience. They know the value of their time, their relationships and the importance of applying what they learn to meet their personal and academic goals.

UPrep faculty are dedicated to teaching male learners. Education methods engage students of all levels and address different learning styles. We work with every student to achieve his potential. UPrep means you leave prepared.

Grades K-8 | urbanchoicecharter.org

Urban Choice is an independent public school which serves 400 students in grades K-8.

Our school is designed to provide Rochester students with a safe, supportive and intellectually challenging educational environment. We believe that partnerships with families and strong student-teacher relationships are essential to student motivation, engagement and achievement. Small class sizes and additional adult support in the classroom allows students opportunities for individualized instruction. Urban Choice is a place that inspires and addresses the intellectual, physical, emotional and social aspects of all students, but most importantly **Urban Choice is a school that cares about every single student that walks through our doors and works hard to make learning fun.**

Grades 9-12 | vertusschool.org

Vertus High School is an all-boys free public high school designed specifically for the needs of Rochester's young men. We provide unprecedented individual support through our Preceptor program where every student has a strong one-on-one relationship with an adult mentor whose mission is to help the young man succeed, no matter how far behind or advanced he is. Each student proceeds at his own pace, so struggling students can go back and re-learn what they may have missed in other schools and advanced students can shoot forward. Vertus students are gaining more than one and a half years of education per year, and our personalized learning program focuses on character growth, as well as academics and athletics. Since we opened in 2014, our students have exceeded national expectations for student growth and performance.

Location

21 Humboldt St., Rochester, NY 14609 | (585) 747-8911

Services

School Services

Breakfast and lunch provided.

Uniforms: Yes

Instructional Models

Vertus is a year round school where students spend half their day with teachers in a computer lab taking individualized courses and half in regular classrooms. We offer a strong special education program and an emphasis on character training.

Academic Offerings

Vertus offers the opportunity for students meeting specific criteria to take MCC courses in Advanced Manufacturing, IT, HVAC, and others at MCC, Bryant & Stratton, and SUNY Empire.
